What the Bear Cub Parents Say...

“Our son was leaving his daycare of almost 4 years to attend Brentwood. We were excited but also apprehensive as that would be a big change for him. He was leaving behind the only teachers and friends that he knew. Our hope was that by enrolling him in the summer program it would ease the transition to his first day of “big school.” It absolutely did. Ms. Davis went above and beyond to make sure our son was comfortable, participating, learning, and having fun. He would come home and teach us new songs he learned. He played, exercised, and even helped out with the garden! Most importantly, he became comfortable with the campus, met new friends and developed a trust with Ms. Davis because he knew she has his back. He LOVES Brentwood and looks forward to school each day.”

“Placing our son in BCS Summer Hangout Camp was a wise choice! He celebrated his fourth birthday over the summer and had never been apart from his mother or in daycare. Summer camp helped him become accustomed to daily school attendance, forge connections with BCS's remarkable staff, and form friendships with classmates. Miss Davis is exceptional! Following each summer hangout pickup, he excitedly recounted his day with, "Had FUN!" He returned home each day energized, cherished, and having acquired new knowledge. This program comes highly recommended! We look forward to enrolling his younger brother when the time comes!”
