

Dear BCS Community,

In the links below please find a message from the administration of BCS regarding the reopening plans for school year 2020-21. The next link will take you to our Reopening Plan webpage which will include the full reopening plan and then the sub-plans for Lower Elementary, Upper Elementary, Middle School, and High School.

With each passing week we are coming closer to school reopening. Please include our school, our community, and our mission in your collective prayers.
