

BCS Parents and Student Drivers,

There have been questions about sibling drop-off and pick-up as well as student drivers. The BCS Administration heard you and to accommodate student drivers as well as multi-student families the following options are available:

Drop-off

- Families with students in multiple grade levels can drop all students off at the youngest student's drop off point. The older students will walk to their respective buildings under the direction of faculty and staff.
- When arriving at school in the morning, student drivers are to park in the student parking lot by the Athletic Center and walk their siblings to their buildings or to the grade level teacher on morning drop off duty for that building

Pick-up

- For the first three-week period, parents will pick-up their students at their grade level queue as stated in the Intentional Campus Reopening Plan. If you have students in multiple buildings/grade-levels then you will need to queue and pick up for each student individually.
- Upon dismissal from school, student drivers who are driving younger siblings will walk to the facility door of their younger siblings' pick-up location and request to pick up their sibling from the teacher on duty. The younger sibling will be called from class and will join the older sibling to walk to the parked car. The older/driving sibling will pick up all younger siblings and walk directly to their car using sidewalks and crosswalks and will then exit campus.

Some parents have asked about picking up multiple students from a single pick-up location. During the first weeks of school students will be picked up from their individual facilities meaning parents will queue and pick up each child individually. Once parents and faculty are experienced in the pick-up process we will be able to begin moving students around campus on foot to single pick-up locations. While efficiency is important and we want to make this as efficient as possible for our parents, safety is the top concern. Thank you for your patience and support.

With thoughts and prayers,

Jeremy Thornton, BCS Elementary Principal
