

Coach Warner has received her Bachelor of Fine Arts in Dance Education and Master of Education in Physical Education, Curriculum, and Instruction from Arizona State University. This has allowed for opportunity, over the years, to teach various forms of dance in the high school and dance studio setting for students of all ages. Warner has served as a dance team coach and cheer coach for high school programs in Arizona and as a competitive dance team coach for dance studios in Arizona, Colorado and Texas. In 2016, Coach Warner's three daughters who all danced and attended Brentwood Christian School, helped form the Lady Bellas Drill Team. Over the years, it has evolved into a middle school team, JV and Varsity high school team, an after school training program for K4-3rd graders (known as the Bitty Bellas), and a 4th/5th grade program known as pre-team Bellas. Coach Warner oversees, instructs and coaches all of the Bellas!

Coach Warner's philosophy in coaching is for the girls to feel valued. She states, *"I want them to know that while I have high expectations and will hold them accountable, I will also be there for them for anything they need and their team will be there too. As a drill team, it is just not about technique and performing, but striving to teach them the necessary skills of teamwork, cooperation, collaboration, social skills, leadership and respect for themselves, authority and others.* Most of all, Coach Warner wants them to have fun and to glorify God in all that we do!

The main goal for this drill team is to be a strong unit on and off the performance space. *"I want them to be better than the way we began and to be better dancers, volunteers, leaders and students that strive to be the best while still honoring God."* Only being a fraction of a point from winning state last year, this year is a goal. Go Lady Bellas!

**Proverbs 16:3 promises: "Commit to the LORD whatever you do, and he will establish your plans." Set and pursue your goals with the confidence that God will help reach those goals, big and small. Aligning and achieving those goals with God's will is how I define success.**
